Bearcats Cast A Stone

Special to the Post-Dispatch

DECATUR, Ill., March 5 – Millikin University center Leon Gobczynski, the nation's second leading collegiate scorer, is 13 inches taller than Bob Stone. But the 6-10 Gobczynski had nothing on the McKendree College guard last night.

While McKendree held Gobby to 23 points, 13 under his average, the 5-9 Stone rifled in 29 to lead the Bearcats to a 109-96 upset in the semifinals of the National Association of Intercollegiate Athletics District 20 basketball playoffs.

The Bearcats will meet Augustana College at Rock Island tomorrow night for the right to represent the district in next week's national finals at Kansas City. Augustana, which finished third in last season's national tourney, pounded Northeastern Illinois, 90-55, last night.

Bill Douglas had 27 points, Jim Bunge 17, David Ellis 16 and Don Burns 13 for McKendree, which hiked its season record to 24-7. Gary Deitelhoff, who at 6-7 also was taller than anyone on the McKendree squad, added 15 points for Millkin (22-5).

McKendree grabbed a 45-35 halftime lead, then held on as the teams exploded for 124 points in the second half. Millkin drew within a point, 80-79, but then the Bearcats scored six straight points to pull away.

Gobczynski, a junior, finished the season with 951 points for a 36.3 average. Huntington College's Steve Platt was averaging almost 38 points a game in latest statistics.

Successful Soccer Season

This year's soccer team played to a fine 4-4-1 record. At a glance one would probably think, "Big deal! it's just a 500 season." You are partly right, because it is a big deal. Last year at this time this team had a 1-7 record, with no idea of what to expect this year.

During spring workout last year Coach Howard Porter was very optimistic, because nobody was really sure of what this year's team would look like. From the very first game the team showed good judgement in playing the defense and the offense. They showed an overwhelming desire to score goals.

This desire and aggressiveness payed off as can be seen in the team's final statistics. This year the team doubled its goal output from 10 last year to 21 this year. They also scored the highest number of goals they have ever scored in a game, 7 against Lindenwood College. On defense a big change could be seen, not only did the Bearcats score goals but they proved that they could stop them as well. Last year the opposition scored an average of 5.4 more goals per game than the Bearcats. This year that figure dropped as the opposition outscored McKendree by only 1.6 goals, almost four less goals per game. Two of the main factors for this were the ever steady play of Doug Rose in goal, and the maturing of Bill James at his sweeper fullback position. This year also, the Bearcats and Doug Rose recorded their first shutout in the soccer program's history, when the kickers defeated Westminster 2-0.

Not all of the credit goes to the guys on the team. Much of it goes to Coach Porter in his ability to hold this team together despite two previous seasons when the team had only one victory.

Through his determination, understanding, and patience, Coach Porter has started to build a strong soccer program for the coming years here at Bearcat U.

This year's leading scorer was Chris Carstetter with 6 goals and 3 assists. Behind him was Jim McFall with 7 goals and one assist for a total of 8 points.

Next season, Coach Porter hopes to schedule 12 varsity games and possibly 4 scrimmage games. Next year, there will be 17 returning players, including 11 lettermen.

Mr. Porter felt that the team had a very good season and will have an even better season next year. With the mixture of the old and the new the McKendree College soccer team will have an excellent season that will hopefully see them on their way to N.A.I.A. playoffs.

1973 HOMECOMING QUEEN

HOMECOMING 1973-74

McKendree's 1973-74 Homecoming took place over the weekend of November 16th, 17th, and 18th. This year's theme was "Days of Future Past."

Last minute preparations for the activities of homecoming weekend were made late on Friday. Early registration for returning alumni was held at 7:00 pm in Lower Deneen. At 8:00 pm, an evening performance of "Barefoot in the Park", directed by Mrs. Grace Welch, was given by several students in Eisenmeyer Hall. During the typical last-minute rush to finish the floats, a three-hour moratorium on the construction of floats was respected by all the Greek organizations. In honor of "Fifties Day", Bill Anderson's Rock and Roll Revival offered laughs and lively entertainment to all who attended the nostalgic hop.

Alumni registration continued into Saturday. Open-house of residence halls was held until three o'clock and guided campus tours for the alumni were staged during this time.

The annual Homecoming Parade left Hypes Field at 10:00 am and travelled the traditional route through the heart of Lebanon. Objective judgement of the floats, based on neatness, originality, and overall appearance took place during the parade.

At 12:30 in the afternoon "Barefoot in the Park" was again presented in Eisenmeyer Auditorium.

Immediately preceeding the basketball game, a one-hour reception was held in the Bearcat Booster Den in the gymn for students, alumni, and the entire campus community.

The basketball game was the major athletic event of the weekend and McKendree Bearcats pounced Arkansas Baptist with a score of 89-60.

At half time, Mrs. Lyn White introduced the queen's court. The three candidates for homecoming queen were Dixie Roberts, Laura Easley, and Paula Gillespie. Junior maid was Nancy Weible, Sophomore maid was Kay Hazelwonder, and Freshman maid was Joyce Gobin.

Lyn also presented trophies and cash prizes to the winners of the parade floats. Alpha Omega received first place trophy which was accompanied by $100. Ferrox accepted second place and $50, and Gamma Sigma Sigma placed third.

Bob Stone was the recipient of the Vesely Scholarship Award for 1973-1974 which is presented annually to a McKendree senior with outstanding athletic ability.

The most anticipated event of the weekend took place on Saturday evening. From 8:00 pm till 1:00 am, couples composed of students, alumni and staff danced in the romantic atmosphere of Catholic Knights and Ladies of Illinois Hall in Belleville. The night began with a quiet social hour followed by a buffet dinner. At 10:30, the Queen's Court was once again presented and Laura Easley received a standing ovation as she was crowned 1973 Homecoming Queen. As the excitement calmed, the couples drifted happily in the mellow mood of the evening.

Sunday evening ushered out the final event of homecoming weekend. A movie whose title summarized the mental state of all those involved in homecoming was shown in Upper Deneen. The film was FRENZY.

JOHN DEERE

JD 400

"Breathe deep the gathering gloom,
Watch lights fade from every room.
Bedsitter people look back and lament,
Another day's useless energy spent.
Impassioned lovers wrestle as one,
Lonely man cries for love and has none.
New mother picks up and suckles her son,
Senior citizens wish they were young,
Cold hearted orb that rules the night,
Removes the colours from our sight.
Red is grey and yellow white,
But we decide which one is right.
And which is an illusion???."

"Cold hearted orb that rules the
night,
Removes the colours from our sight.
Red is grey and yellow white.
But we decide which is right.
And which is an illusion?
Pinprick holes in a colourless sky,
Let insipid figures of light pass by,
The mighty light of ten thousand
suns,
Challenges infinity and is soon gone.
Night time, to some a brief interlude,
To others the fear of solitude.
Brave Helios wake up your steeds,
Bring the warmth the countryside
needs."

Something new I have gained.
A new love for people.
Having someone to talk with-
A new friend.
Someone to understand-
And someone to help me understand myself.
With this new joy
I have gained confidence
Not only in myself—but in others as well.
The loneliness I first experienced
has diminished.
I now feel I am needed and I also
have a true need-
A need for others.

LONELINESS

Sitting here, looking around
And wondering just what this is
It has taken hold of my heart
It is tugging, pulling me down

Now it has me standing.
The throbbing pain is so strong.
The misery that dwells within
Is constantly demanding.

The pain must be eased.
I need to be rescued from the misery.
But how can I?
For loneliness cannot conquer itself

QUESTIONS? ?

As I gaze on the books on the shelf,
Loving the peace of being by myself.
I ponder what makes the world go round,
As time goes on with leap and bound.
What does life really consist of ?
Are there devils below and a God above?
Are there ever answers to these questions,
Or must one keep on wondering till extinction ?

BAREFOOT IN THE PARK

"Barefoot In The Park"

"Barefoot in the Park"? Try Eisenmayer Auditorium on the 15, 16 and 17 of November. In spite of obvious limitations within the auditorium, you will see "the ole college try" in action. The result? -- A delightful comedy by Neil Simon.

The cast of six takes you through the first week or so of a young couples' marriage (and their first big argument!) Sparkling performances by Janet Simmons and Jim White carries the show through aided by the old (but young at heart) portrayal of Mr. Valesco by George Lightcap and the perennial smile of Mary Voegle in the part of Mrs. Banks. Rusty Sanders and Bill James after braving six flights (or was it sixty?) of stairs finally manage to "reach the top" with added laughs as the telephone repairman and a delivery man. Between Jim White's imitations of W. C. Fields and, yes, even a parakeet, come the imagination, wit, and charm of an up and coming actor. Look out Robert Redford, here he comes! Jane Fonda might have to make a little room too as Janet Simmons is quite convincing in her love, affection, and fits towards her new, "near-perfect" husband in the play.

Congratulations are in order for the Director, Grace Welch, and her entire production staff for a job well done.

The Old Interim

Photo by Lynn Grove

In January, fifteen McKendree students, Dr. and Mrs. Stiers, and Librarian Grove winged away to London, England. The course was "An Introduction to English Civilization," and what better way is there to learn about a people than to live among them for a month. Association with the English in day-to-day living introduced the students to their present mode of life, and numerous tours and visits introduced them to the rich English heritage.

The initial tour was a survey of London. Tours then extended out to many other important and historical sites throughout England. The students saw Oxford, Winchester, and Canterbury. In Canterbury the archbishop, who is the head of the church, resides near the Cathedral. Windsor Castle, Eton College, and Salisbury, near which the Stonehenge is located, were also on the agenda. Finally, the students visited Hampton Court, a Tudor palace that Henry VIII lived in.

In London itself, many interesting sections were observed during walking tours. One day, the seats of government at Westminister (House of Parliament), and Whitehall were on the itinerary. The Tower of London, The National Gallery, the Inns of Court and the Royal Courts of Justice were also explored.

A Mozart opera, ballet, drama, and art heightened the student's appreciation of the fine arts. The background provided by classroom lectures, countryside tours, and observations of, and conversations with, the English people expanded everyone's conception of English civilization and history, and broadened an understanding of new social values, ideas, and behavior.

The Philosophian Literary Society has the distinction of being the oldest fraternity on campus. Founded in 1837, it has served McKendree College very adequately for 137 years in the field of literature. Philo is active in the Intramural Athletic Program. However, within its own meetings and fraternal interaction, a great deal of emphasis is placed on personal literary and rhetorical achievement. Philo deems itself in nurturing fraternal brotherhood as do most organizations. However, Philo considers brotherhood to be the groupness of a closed organization, but the closeness of an open group.

ALPHA PHI OMEGA

Alpha Phi Omega is one of the largest fraternities in our country today. There are over 500 chapters with a membership of over 150,000 men. A.P.O.'s main objectives are to promote leadership, provide friendships, and service to the community, school, and nation.

Chi Omega, formally Alpha Kappa Tau, was founded in 1967 with the ideals of promoting leadership, friendship, and service to all intents and purposes for the Campus. The society is active in many service projects throughout the school year, creating a unity of Brotherhood between members and benefiting the Campus and surrounding communities.

In the spring of 1972, AKT became a charter member of the national service fraternity Alpha Phi Omega. The chapter name is Chi Omega and is the only national fraternity of the McKendree Campus.

Chi Omega Chapter prides itself on providing service whenever needed and great unity between brothers.

ALPHA OMEGA

In the three years that Alpha Omega had been actively re-instated on campus, it has proven itself to be a strong, active, and worthwhile organization. Alpha Omega is based upon the belief that the college years should be a rich mixture of learning, service, and friendship, and that through finding your own individuality you can find real happiness with those around you. In addition to service projects for the campus and community, Alpha Omega has adopted an American Indian girl, to be supported with funds raised by the organization.

The Clioian Literary Society has been an integral part of the McKendree campus for 104 years. Not only was Clio the first society for women, but the earliest president was the first women to graduate from McKendree. Being a social and literary society, Clio has contributed to the library and worked with various Fine Arts committees on our campus. Presently we have members affiliated in almost every campus activity. We have a strong hand of loyalty, many years of sisterhood, and are all quite proud to be Clionians.

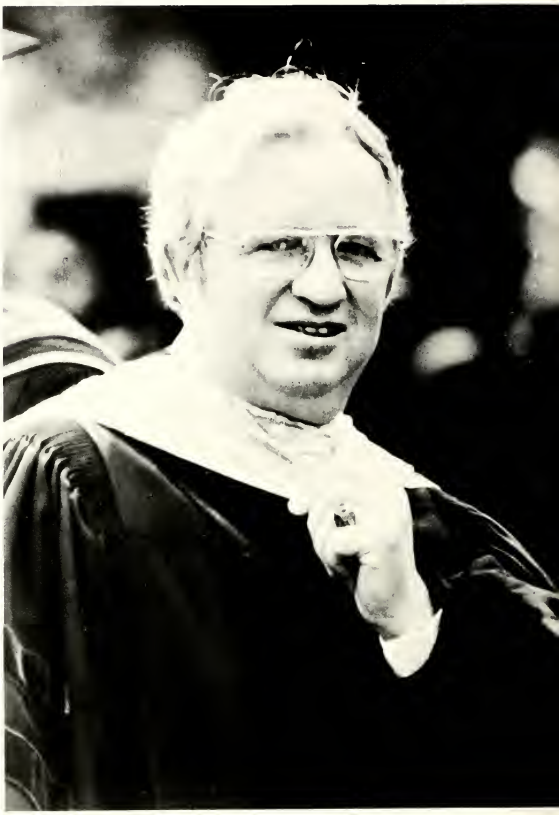
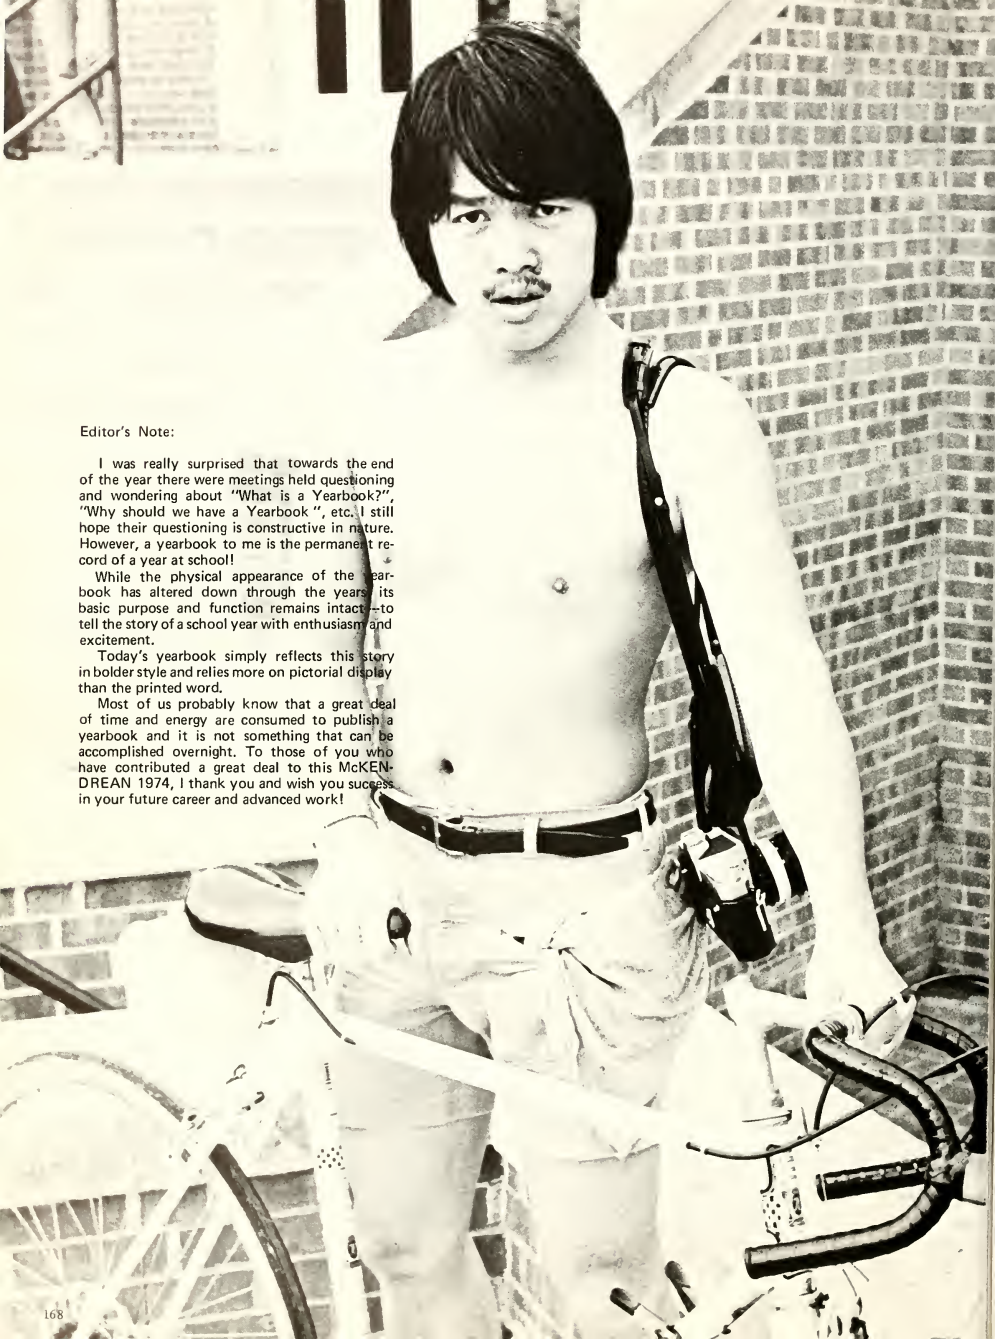
Dedication

As a matter of fact, this yearbook of 1974 is dedicated to every member of McKendree students, faculty and staff. However, we would particularly dedicate it to Dr. Emerial Owen, who has shown great interest in people, understanding, cooperation and respect to others.

His unusual personality never ceases to marvel us who have known him. Get to know this man if you haven't, and find out how true we are.

The McKendrean





Editor's Note:

I was really surprised that towards the end of the year there were meetings held questioning and wondering about "What is a Yearbook?", "Why should we have a Yearbook ", etc. I still hope their questioning is constructive in nature. However, a yearbook to me is the permanent record of a year at school!

While the physical appearance of the yearbook has altered down through the years, its basic purpose and function remains intact--to tell the story of a school year with enthusiasm and excitement.

Today's yearbook simply reflects this story in bolder style and relies more on pictorial display than the printed word.

Most of us probably know that a great deal of time and energy are consumed to publish a yearbook and it is not something that can be accomplished overnight. To those of you who have contributed a great deal to this McKENDREAN 1974, I thank you and wish you success in your future career and advanced work!
